

Unexpected Consequences

A Webinar on Bereavement

Tuesday 11th May

13:30 to 15:15.

Last spring saw the launch of Scotland's first ever Bereavement Charter for Adults and Children. Since then, the Charter has developed and grown and been used in many different ways.

The Group which developed the Charter is holding the first in a series of webinars exploring different elements of death and bereavement as part of the Demystifying Death Week.

During the webinar you will have the chance to hear from three speakers and then have the opportunity to reflect on what you have heard in a short workshop on one of the themes.

Please register for this webinar on: <https://us02web.zoom.us/meeting/register/tZltceCqrzsoG9eMbM4TuNIFIWfrURPZqpBR>

Please read our Privacy Statement on how we will manage your data [here](#).
