Please join us for the official launch of the **Palliative Care Learning Hub**.

The purpose of the Palliative Care Learning Hub is to bring together palliative care learning for health and social care staff and workers. This online learning hub is a curated collection of free supporting resources for learners.

### This hub has been designed to:

- Combine palliative care learning in one accessible space
- Support the learning and development needs of Scotland's health and social care workforce
- Offer a curated collection of free resources aligned with the refreshed 2025 Palliative Care Education Framework

### Presenters:

- Michelle Scott, Palliative Care Consultant Nurse
- Isabel Hood, Content Coordinator, NES
- Caroline Hogg, Staff Nurse, NHS Borders
- Scottish Care representative

### Target audience:

**Scotland's Health and Social Care Workforce  
or anyone with an interest in Palliative Care**
